

CHASING GREATNESS

TopFlight is pleased to announce the production of “Chasing Greatness”, a short film, filmed and produced by Rochester’s own Christopher Washington Jr. The film focuses on twin brothers, Michael and Miles Brown; 2019 Northstar Christian Academy graduates who made Section V and NYS history during this year’s basketball season. The Brown brothers have shared a passion for basketball since an early age and have always been in sync on the court. This production embodies brotherhood, dedication, determination and the importance of a strong support system.

Miles Brown made history by achieving the title as Section V’s all-time leading scorer ending his season with 2,914 points, also making him the 3rd NY State all-time scorer behind Lance Stephenson of the Los Angeles Lakers. The Urban League scholar averaged 34 points, 7 rebounds, 8 assists and 4 steals per game. Miles is a three-time sectional MVP and is this year’s Democrat and Chronicle high school athlete of the year. He was also the Ronald McDonald All Star Game MVP.

Michael Brown, also an Urban League scholar, is the 9th all-time leading scorer in Northstar Christian Academy history. He is a two-time All Greater Rochester team tournament player and holds the record for most assists during the 2018-2019 basketball season at Northstar Christian Academy. He is the 2nd all-time leading player in steals at Northstar Christian Academy.

Miles and Michael Brown are great representations of the quality athletes and stories we have here in the Rochester community. Stories like theirs will open many doors for young athletes to recognize their own stories and make history as well.
